

Living Savior Lutheran Church

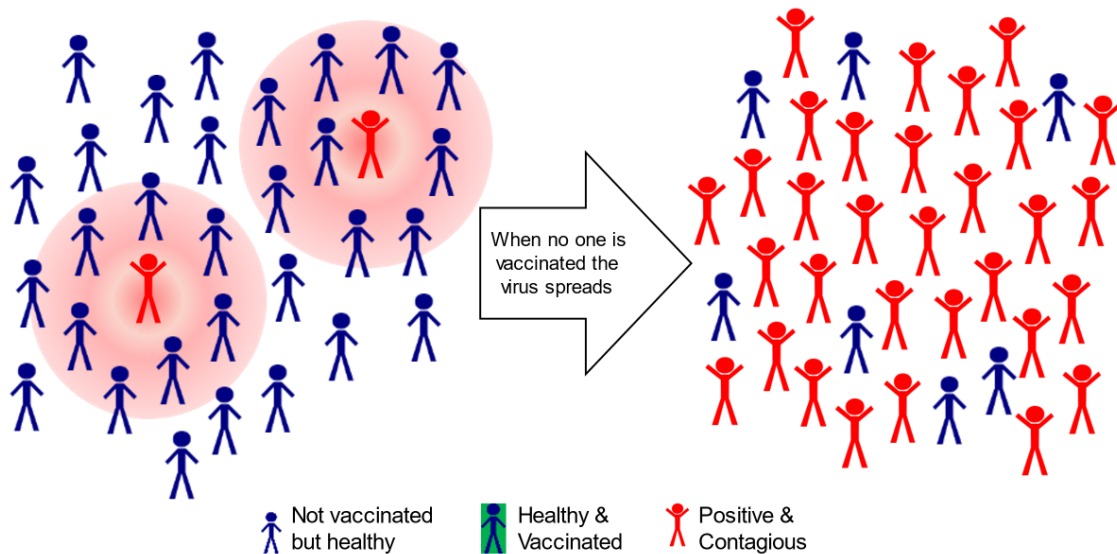

May 2021 Newsletter

COVID-19 Update - We praise God the Covid-19 virus cases are dropping in Virginia. As Virginia and the CDC change their guidance, we will be adapting the Living Savior guidance as well. Because LSLC is a very welcoming, inclusive church we are cautious to ensure the vulnerable among us are safe at our worship and activities. A recent change to the LSLC recognizes for outdoor events, when there a friends, family, or others you know are safe (vaccinated) please feel free to get closer than 6 feet. We are calling these friends, family and others "known cohorts". We have kept the mask requirement for now, because moving about among those who may still be vulnerable at our outdoor events is a risk. As Virginia and CDC guidance changes, we will continue to change our guidelines as well.

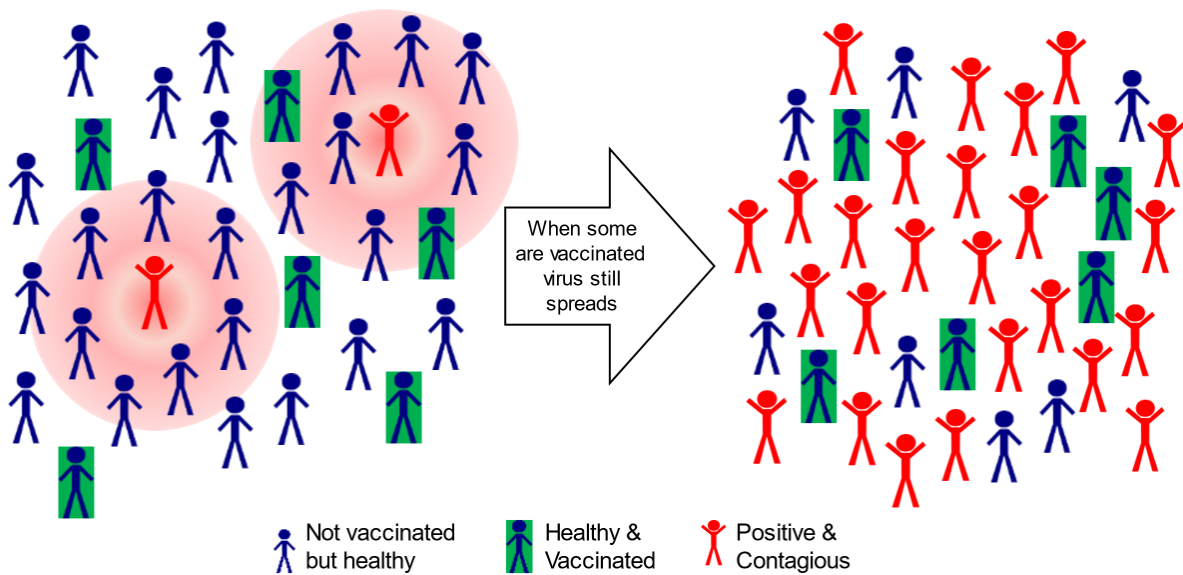

Indoor Events – like Rally Day, New Member meeting	Yes – with Masks and Covid protocols that are in place for sanctuary worship.
Outdoor Events - Concerts / Youth / etc	Yes –outdoor with COVID restrictions in place. Masks still required during the event unless actively eating or drinking. Social distancing between family groups or known cohorts

The number one way to reduce the risks of Covid-19 is to get vaccinated. This reduces the risk not only to yourself but for others who may not be able to vaccinate or for whom vaccination may provide only a partial immunity. Herd immunity is loving your neighbors as God has loved you.

What is Herd Immunity?
