MEET THE CONFIRMANDS

May 16th at the 11:00am service, we are excited to welcome our 2021 Confirmands. We are blessed to welcome some very special young people into our family.

Bridget Kerr

Hello all, my name is Bridget Kathleen Kerr. I'm turning 13 later this month and I am in 7th grade. I feel my faith has grown immensely over the past two years and in my confirmation process. A couple of months into quarantine I was noticing that I was losing faith and hope. Although I had online church services and sessions I didn't feel as if I was connecting to God or in his holy house truly. Thankfully once confirmation videos and lessons picked back up, I felt better, more connected to God than ever, and my faith has only grown since then. I am a seventh grader at Frost Middle school and have just started attending two days in person. I have liked this experience much better than staring at a computer so far. I feel like I can connect to my peers and subjects we are focusing on easier and on a deeper level, a lot like how going back to church has affected me. I love collecting crystals and rocks, they make me so happy to hold and look at! I do dance four nights a week including ballet, pointe class, jazz, and modern. These dance classes help express myself when words can't and make me feel better after a rough day. When I do express myself through words I do it through writing. I love to write and read. I find it fascinating how we communicate through words, writing, plays, music and how our brain can understand these incredible things.

A few weeks ago, I was going through some of my old photographs and came across a little girl holding a bible in her

left hand. She was dressed in white smiling quite like Mona Lisa with her round face. It was my grandma's confirmation photo. I thought to myself, "That's going to be me." And began to think about my journey through confirmation and how I have changed from a little early sixth grade goofball to ending a seventh-grade resourceful girl. My faith, love, and compassion for my religion and God and Jesus has helped me develop and bloom. I have changed my perspective on how I view life and many situations that have come my way. I'm beyond grateful to have my religion, this confirmation experience, and above all God and Jesus watching over me. As I move forward, If I ever feel disconnected and need to find hope again, I will find it through church and my faith in God and my new understanding of my religion.

Annelise Hartlage

*I am a child of God
John 1:12*

Hello! I am Annelise Hartlage. I am a second-year confirmand, and I am in sixth grade. I have learned a lot through my confirmation class. My instructors explained to me things that I never quite understood. I am learning about Baptism, the Lord's Supper, worshipping God, and more topics about our lives as Christians. I am trying harder to spend more time each day to study God's Word. I am so thankful God has chosen me to be His child. Thank you.

Liam Lyons

Hi, I am Liam Lyons. Confirmation was a great experience because I got to learn more about my faith! I have been attending this church since I was two years old, because since my parents were married, they went to a Lutheran Church and that is what I know. I am also in Boy Scouts which helps me be responsible and

helpful. Confirmation has shaped me a lot, like now I can better understand what the service and sermon is about. I know that I will be active in this church and when I grow up, the others I go to. My faith will be a part of me forever! I will always remember that "Faith is not knowing what the future holds, but knowing who holds the future".

Colin Ferguson

My name is Colin Ferguson, and I'm 12 years old. I love baseball, and I like playing video games, especially MLB the Show. I also am very good at Rubik's cubes and take them everywhere. There is my Dad, Mom, my two sisters, Raegan and Kaylee, and there is me in my family. My plans for the future have not been decided for me, I don't know what profession I want to go into or what college I want to enroll at, but I am excited about the future. The confirmation experience has changed me in many different ways, including how I act, what choices I make, and has strengthened my relationship with my family and god
