Living Savior introduced "Stewardship Moments" in 2023 as a way for congregation members to share the good news on experiences in life, not just what you have done for others, but more importantly what others and God's grace have done for you or those around you. This is a free-will offering where we can all learn and be inspired by one another's stories, and taking a moment to share a good experience is a great way to be reminded of the riches and gifts God provides in our lives. If you have something special to share where someone did something nice for you or you saw good stewardship in action, please stand up during end of service announcements and ask to share a "stewardship moment."

Donations to Living Savior Lutheran Church to continue our ministry are always welcome. We accept online contributions which you can access through our website and going to the "Contribute Online Here" link at the bottom of our home page.
